

WHAT YOU NEED TO KNOW ABOUT BUSINESS RECYCLING

Why Recycle?

- State law now requires all businesses that generate 4 or more cubic yards of waste weekly to recycle.
- Recycling may provide opportunities for your business to save money.
- Recycling helps conserve resources and extends the life of California's landfills. It also helps create a healthy environment for our community and future generations.

How to Get Started

It's easy to recycle.

Option A: Source Separate Trash From Recyclables On-Site

- Use the information on the other side of this flyer to help your employees and customers learn what they must do and what items can be recycled.
- Make sure employees and customers separate recyclable items from trash and place them in the correct containers.
- Make sure employees know where the outside recycling bins are located, and place recyclable items in the correct bin for collection.
- Continually monitor the recycling bins to eliminate contamination.

Option B: Comingle Trash and Recyclables in One Container

- Let Valley Vista Services do all the Dirty work by sorting your waste for you.
- Valley Vista Services owns and operates a state of the art, fully permitted transfer station and material recovery Facility to guarantee maximum diversion.
- No additional bins required, trash and recyclables are comingled in one bin to save time and space.
- No need to continually train and monitor new and existing employees and customers to avoid contaminating recyclables and incurring extra charges, trash and recyclables are placed in one bin.

Where to Go for More Information

Contact Valley Vista Services at 800-442-6454

Visit www.valleyvistaservices.com for more information from Valley Vista Services.

For additional general information about recycling and waste reduction, visit the California Department of Resources Recycling and Recovery (CalRecycle) at www.calrecycle.ca.gov.
